IMPORTANT DECISIONS ANNOUNCED

The Supreme Court Rules That Youngstown Water Works May Be Completed

NEW TRIAL FOR OFFICIAL

Convicted of Soliciting Bribe of \$300 in Brown County—Will Set Aside, Damages Awarded and Other Rulings.

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 17.—The city of Youngstown now has no legal hindrance to completing its water works system. The Supreme court today affirmed the decisions of lower courts refusing an injunction to John Goepfinger, a taxpayer, who sought to restrain the city from its work on the ground that further issue of bonds for the water works had not been submitted to the people.

A quarrel which has been running for a number of years between the Society for the Prevention of Cruelty to Animals and the Humane Society of Cincinnati, was partially settled today when the Supreme court decided that the S. P. C. A. may receive fines and penalties assessed in prosecutions and from the county "dog and sheep fund." Thos K Schuch had brought suit to oust the society from exercising these privileges.

S. A. Davis, former commissioner of Brown county, found guilty of soliciting a bribe and fined \$300 and costs in Brown county courts, will be given a new trial, according to the ruling of the Supreme court today. He was found guilty of soliciting a bribe from E. H. Townsend of New Richmond, in connection with purchase of road making machinery. The court of appeals ordered the verdict reversed and a new trial granted on the ground of error in transmission of testimony, and the Supreme court affirmed this decision.

The court decided that J. M. Payne, former chief of police at Irouton, summarily dismissed by former Mayor Charles W. Golden, is not entitled to \$725 damages from Golden, for wrongful removal from office, as the lower courts ordered. Golden in removing Payne in February, charged he had been appointed by his predecessor, Mayor H. W. Mountain, a Republican for political reasons and that Payne was not on the eligible list.

The verdict of the lower courts of Seneca county was affirmed, giving Mrs. Josie Stahl of Oil Station, Seneca county, \$1,680 damages for injuries received when a buggy in which she and her son were riding was struck by a New York, Chicago and St. Louis railway train at Oil Station near Clyde. She sued the railway company originally for \$5,335.

The will of Absalom P. Bahl of Findlay, was ordered set aside, in accordance with the suit of his daughter, Clara E. Bahl, who received none of the \$70,000 estate left by her father, when he died three years ago at the age of 90.

The supreme court sustained exceptions brought by the prosecuting attorney of Montgomery county in the case of the prosecution of David Rohrer, indicted for obtaining \$60 by false pretenses from Clarence E. Michael. The common pleas court of Montgomery county discharged Rohrer on the ground that the court records showed that he had been indicted by the grand jury after it had adjourned sine die, December 31, 1913. The court records were corrected to show the jury had not adjourned sine die.

The Aetna Life Insurance company will have to pay the Lockwood Mfg. Co., of Cincinnati, \$1,702, as employers' liability insurance, as compensation for damages paid by the Lockwood company for the accidental death of Arthur J. Ruschell, by a stamping press in 1906. The insurance company refused to make the payment on the ground that the employee had been under 16 years of age and therefore was employed contrary to law. It was claimed a clause in the insurance contract precluded such payments.

Suffragist in Man's Clothing Had Whip Secreted in Sleeve

(ASSOCIATED PRESS TELEGRAM)
London, March 17.—A sentence of six weeks' hard labor was pronounced today by the police magistrate on Catherine Wilson, a militant suffragette who was arrested last night in the lobby of the house of commons while dressed in man's clothing and carrying a dog whip secreted in her sleeve. She was charged as a suspected person.

Do It Now

Fifty or more people entered the Advocate Booklovers' Contest yesterday. There is no way to tell the exact number as one may start in the contest without telling the Advocate. No registration is necessary and one doesn't even have to subscribe for the paper in order to join.

It is only necessary to get the coupons but it is advisable to obtain a catalogue. Anybody can obtain both, back coupons and catalogues at this office. Send, write or come for them. Better do it now while the starting is easy. After awhile you may feel that you can't catch up. With the aid of the special list of 70 books, with the help of the catalogue and the assistance all of your friends will gladly give it will not only be easy but great fun to get in and catch up with the procession. You can do it in one evening.

You may as well not be one of the 136 fortunate ones who will get the prizes. Every one of the prizes will make the recipient happy and the pleasure and profit each one will have in studying the pictures will justify the little effort involved. The prizes are free to Advocate readers. Get the back coupons and a catalogue. That's all. Do it now.

Wellesley Hall Destroyed By Fire Early Today; Girl Students Show Heroism

(ASSOCIATED PRESS TELEGRAM)
Wellesley, Mass., March 17.—Two hundred and fifty Wellesley students and 100 other persons including members of the faculty and servants fled for their lives early today when fire destroyed College Hall, the largest and most pretentious of the buildings in the college group. No one was injured.

The loss is estimated at \$1,500,000. The college sessions have been temporarily suspended and special trains were made up to take the girls to their homes. Practically all of those who had rooms in the building lost their personal possessions and clothing. The superb behavior of the young women probably prevented heavy loss of life or injury to many who groped their way through smoke-filled halls and down stairways, to safety.

College Hall had a commanding site on a hill just east of Lake Waban.

Miss Charlotte Donnell of Wiscasset, Maine, and Miss Virginia Moffat of Orange, N. J., both seniors, were the heroines of the fire. They occupied rooms on the third floor under the laboratory, where the fire originated, supposedly from spontaneous combustion. Miss Moffat of Orange, N. J., both seniors, the transom over the door, and springing from her bed rushed into the hall where she met Miss Donnell.

"There is a fire," she cried. Miss Donnell replied "I'll ring the fire alarm while you call the girls."

Suiting action to word, Miss Donnell ran down a flight of stairs and started the fire going on the second floor. Miss Moffat hurried along the halls pounding on every door. She did not yell "fire" but commanded: "Put on your wraps quickly."

Miss Donnell then joined the other girls and together they aroused all those who had not already responded to the gong. Soon the halls

were filled with startled young women. Some carried personal effects in their arms but the greater number had not waited to save their belongings.

The halls were already filled with smoke as the girls formed in line and marched from the building. The college volunteer fire brigade was early in action and made sure that none of the sleepers was left to the flames.

Mrs. Henry F. Durant, widow of the founder of the college who is 90 years old witnessed the fire, being taken to the scene in a wheel chair. Fire companies from Newton, Natick and Needham responded to an alarm but were unable to stay the flames which were burning themselves out when the students assembled at chapel at 9 o'clock.

President Ellen S. Pendleton announced that the college would be closed until the end of the usual spring vacation, April 7.

In addition to the dormitory section of 250 rooms and the laboratory, College Hall contained the administration offices and several class rooms. It stood apart from the other buildings, which were not endangered by the fire.

It was later announced that the fire loss was estimated at \$1,500,000.

The college officials declared that the girls' fire brigade deserved all the credit for the escape of those in the building.

The leader of the brigade was Miss Arthur of Detroit. Working under her were "leaders" of squads, who rounded up details of twenty girls each when the gong was sounded.

They paused only long enough to call the roll and then marched their charges in fine order to the campus. On the upper floor, sparks fell fast about the girls while they delayed to make certain that every student had left her room.

Inside of four minutes after the gong every girl was on her way to the campus.

STEAMER IS ON THE ROCKS NEAR HALIFAX

(ASSOCIATED PRESS TELEGRAM)
Halifax, N. S., March 17.—The steamer City of Sydney, New York for St. Johns, N. F., is on the rocks at Sambro, a few miles from here. She struck during a dense fog early today and water in her stokehold put out the fires. She carries a number of passengers.

The tug Rosemary reached the stranded steamer during the morning and immediately took off eleven passengers and part of the crew. The Rosemary reported by wireless that the Sydney was in a bad position and likely to be a total loss.

Other tugs reached the Sydney this afternoon and began the work of taking off the remainder of the crew. The transfer was made with some difficulty as the sea had become very rough since morning. It was practically decided to abandon the vessel temporarily at least, although representatives of the owners expressed a hope of saving her if the sea moderated.

Captain McDonald and several of the officers and crew will remain at the life saving station at Sambro to take charge of the work of lightening the cargo, in case weather conditions permit.

The Rosemary landed eleven passengers and thirty on the crew of the City of Sydney here this afternoon.

SCHOONER ASHORE. Granted On Behalf Of Mexican Refugees

(ASSOCIATED PRESS TELEGRAM)
Highland Light, Mass., March 17.—The Boston fishing schooner Terra Nova was ashore today on Cape Cod, near Pamet river, and it was feared she would be a total loss. Her crew of 23 men was taken off by the Pamet river life savers.

FIVE BURIED UNDER WALL AT ST. LOUIS TODAY

(ASSOCIATED PRESS TELEGRAM)
St. Louis, March 17.—The seven-story west wall of the Missouri Athletic club building which was destroyed by fire a week ago, was blown over this afternoon and fell on a four-story building occupied by the St. Louis Seed Co.

Five men were buried under the falling wall and six escaped.

FALL OF THE FRENCH CABINET IS PREDICTED

(ASSOCIATED PRESS TELEGRAM)
Paris, March 17.—The fall of the French cabinet was this morning generally regarded as likely to be brought about by the assassination last night of Gaston Calmette, editor of the Figaro by Madame Cailiaux, wife of the Minister of Finance.

Premier Doumergue conferred this morning with President Poincaré at the palace of the Elisee and a cabinet council was called later in the day to decide whether the ministers should resign in a body or an attempt be made to reorganize the cabinet with M. Cailiaux left out. It was conceded that the shooting of Mr. Calmette would probably have far-reaching effects on French politics.

ARRESTED AT A FUNERAL

(ASSOCIATED PRESS TELEGRAM)
Montreal, March 17.—A constable flung himself upon Joseph Beauchamp today as Beauchamp knelt among the mourners at a little girl's funeral in the church of St. Vincent de Paul, and arrested him for murder. Taken unaware Beauchamp made a desperate struggle to reach his pistol but the constable got on his own revolver first and marched his prisoner to jail.

NEW BOND ISSUE IS PROVIDED

Old Ordinance for Subway Bonds is Repealed By Council

MISTAKE IS CORRECTED

Sinking Fund Will Provide Levy to Pay Interest and Retire Bonds—Other Bills Are Considered.

Without a dissenting vote and with little discussion one way or the other, council Monday night passed a new subway bond issue ordinance to take the place of one passed last December which was incomplete in its scope. The new measure provides for the same number of bonds, for the same amounts and maturing at the same time, but it makes provision for funds to retire the bonds and pay the interest.

Those councilmen who spoke with reference to the measure in any way at all, were very particular to have it understood that they favored the improvement. These statements were made in an anxious tone as though the councilmen feared that their words might be misunderstood by some of the South Side people who were present at the meeting.

Councilman Keller asked if it was necessary to sell the whole issue at once, calling attention to the fact that interest on the bonds would amount to \$1000 per month. It was his opinion that the city should avoid as much of this interest as possible, especially since there was no assurance that the work would be started immediately upon the issue of bonds. He said that there might be a large amount paid in interest before the work was actually begun.

The solicitor thought some arrangement might be made so the bonds could be sold as the money was needed.

Councilman Payne asked if any one was informed as to who would make the contract for the work. No one present seemed to know whether the city or the railroads would advertise for the letting of the contract.

When the motion was made to suspend the rules and pass the measure, it passed without a dissenting voice and there was no opposition to its passage when the rules were suspended.

All members were present when the meeting opened. There was a few minutes delay in calling the meeting to order as some of the members were attracted by the red fire and music of the Haymakers parade. Councilman Baker asked to be excused, as "he had some hay to make" and the matter could not well be delayed. He was excused.

The street committee reported several matters referred to it at the last meeting. The matter of the Pound street paving, petitioned for by residents on that street, was referred to the city engineer to prepare plans. The Williams street sewer was recommended and the

LOCAL OPTION ELECTION IN UTICA TODAY

Indications Are That Biggest Vote in History of the Village Will Be Cast.

Utica, March 17.—Indications strongly pointed at noon today that the largest vote in the history of the village would be polled here evening in the local option election being held today. At that time there had been over four hundred votes cast.

The campaign has been bitterly contested in many places, but the election is being conducted without any disorder of any kind. Wayne R. Wheeler, head of the Ohio anti-saloon league, was on hand early and advocated a record of 550 for the advocates of dry voting. The wet section of the village is being held by the opposition, but it is generally a quiet affair, with no serious challenges by both sides having been made but no arrests.

A pronounced victory is being claimed by leaders of the opposing forces, but there can be no prediction made worthy of consideration, as to the result.

In the option election held in 1908 here was a total of 470 votes cast, a 1912 tally that it can readily be seen that these figures will probably be far exceeded, and it will likely be a record vote ever polled here.

Three years ago at the county option election Utica voted "wet" by a majority of 1. In 1908 the village voted "dry" by a majority of 28.

Representative Volstead, Minnesota, Active in Framing Anti-Trust Legislation

Andrew J. Volstead, of Minnesota, active in the framing of anti-trust legislation, is one of the small group of Congressmen in the Northwest who were born in the states they represent at Washington. Volstead is a member of the House committee on the judiciary which is framing administration bills to govern holding companies, interlocking directorates, trade relations, definitions of restraint of trade and so on, the same committee which, to keep it from mischief in idle hours, is wrestling with the problem of Mulhall charges against Representative McDermott, of the proposed impeachment of Federal Judges Speer, of Georgia and Wright, of Washington, D. C., with pro and con suffrage and other fustian and jargon of judicial problems. He is a tall, lanky, slim-jointed statesman, whose jet black moustache, jet black hair and jet black eyes are in bas relief to a heart as pure as crystal. Volstead never could pose as Beau Brummel nor an Adonis, but he is a real member from a real live state, and he takes a hand in every thing that comes up in his committee. He is a Republican, lives at the pulsating metropolitan center of Granite Falls, is a lawyer and is serving in his sixth Congress.

State Convention of Haymakers Held Busy Session In This City

With a big parade in which red fire illuminated the "rube" costumes of 400 marchers headed by Col. Robert Dold's Buckeye band and with the Haymakers' "band" bringing up the rear, the state convention of the Haymakers, the unofficial auxiliary of the Improved Order of Red Men, was brought to its close in a big initiation followed by refreshments and a social session. A J. Bingham was parade marshal.

The convention concluded its business with the one day session, Monday, and elected officers for the ensuing year, as follows: State Past Chief Haymaker, W. E. Bisel, Findlay O.; State Chief Haymaker, William Geiselman, Springfield; State Vice Chief Haymaker, E. C. Richardson, Newark; State Collector of Straws, Henry Olmanson, Columbus; State Keeper of Bundles, E. R. Abrahamson, Cleveland; First Farmer, John L. Olmanson, Columbus; Second Farmer, Theo. A. Kreischner, Conroy; Guard of the Hayloft, Harrison Dial, Gambier, and Guard of the Barnyard, E. E. Hayes, Piqua.

Columbus was chosen as the place for holding the 1915 convention, the third Monday in March. W. E. Bisel and E. R. Abrahamson were chosen representatives to the national association, which convenes in New Haven, Conn., in August, 1915.

Thirty-five delegates were present out of the forty-eight lofts in Ohio. Tramps to the number of sixty-nine were initiated, including twenty-two from Newark, the same number from Coshocton, twenty-one from Urichsville, two from Zanesville, and one each from Cambridge and Lancaster.

The Coshocton and Urichsville candidates were obligated and sent to their homes prepared to institute new lofts in both towns.

The local loft put on the ceremony of adoption. Business of the convention included adoption of the constitution and by-laws, laid over from the last session, in Springfield, and an order that the records of the preceding three state conventions be published in one volume.

The local loft kept open house for the delegates and members during the day. Officers in charge during the convention were: Chief Haymaker Bisel, Vice Chief Haymaker Geiselman, Past Chief Haymaker Retseh, of Cincinnati; Collector of Straws Olmanson and Keeper of Bundles Abrahamson.

BIG PARADE IN HONOR OF FEAST OF ST. PATRICK

(ASSOCIATED PRESS TELEGRAM)
New York, March 17.—Thousands of loyal Irishmen polished up their silk hats stuck shamrocks in their buttonholes and marched on Fifth avenue today in honor of their patron saint. A bright spring sun chased away the clouds which had threatened an dried up the last vestiges of the recent wet snowstorm. The sunbaked weather filled the sidewalks with spectators.

The paraders, 20,000 strong, formed on Forty-second and the nearby streets and stepped briskly northward for four miles. At 12th street they dispersed in an amusement park near the Harlem river.

While no explanation was given for barring women marchers, the committee had planned that the rule applied to suffragists, many of whom had arranged to march in the parade. The parade was made up of forty bands, but patriotic bands, and social organizations, besides state divisions of the Ancient Order of Hibernians.

In all 20,000 men passed the city stand in which were United Farmer, Governor Glenn, Mayor Mitchell, Senator O'Gorman and other prominent men.

New York, March 17.—Applications of women and women's organizations to take part in today's parade in honor of the feast of St. Patrick were refused by the celebration committee. While no explanation was given for barring women marchers, the committee had planned that the rule applied to suffragists, many of whom had arranged to march in the parade.

The parade was made up of forty bands, but patriotic bands, and social organizations, besides state divisions of the Ancient Order of Hibernians.

FORTUNE TELLERS GIVEN ORDER TO LEAVE THE CITY

(ASSOCIATED PRESS TELEGRAM)
Cleveland, March 17.—Prosecuting Attorney Poulson prepared orders today to rid Cleveland of twenty fortune tellers. They were summoned before the prosecutor and told to leave town at once under penalty of arrest. One seer with a retinue of Hindu servants left the city during the night. The place was raided following receipts of information by the prosecutor that he had tried to induce a wealthy woman, client to invest \$5,000 in a real estate deal.

THREE DEAD IN A HOTEL FIRE

(ASSOCIATED PRESS TELEGRAM)
Brehm, Ontario, March 17.—Three persons lost their lives today when the Brehm Hotel was destroyed by fire, caused by a defective furnace. The dead are Mrs. Thomas McCauley, her son John A. McCauley and Mrs. Joseph Callaghan.

ELEVATOR ACCIDENT IN COLUMBUS HOTEL

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 17.—Caught in an elevator in a leading hotel in this city, L. E. Bruce, of Pittsburgh, broke county suffered injuries today which may result fatally. One leg was almost severed at the knee and Bruce was badly crushed about the body. The youth who was operating the elevator disappeared after the accident.

CONVICTED MEN SEEK A PARDON

Labor Leaders Sent To Prison In "Dynamite Cases" File Petition

AN IMPARTIAL TRIAL

Was Not Given His Clients Is Alleged by Prisoners' Attorney—House Members and Senators Will Appeal to President He Claims.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 17.—Application for pardon by eighteen of the labor leaders convicted in the "dynamite cases" at Indianapolis, was filed today with the department of justice by the prisoners' attorney, Elijah N. Zolne, of Chicago. The petition alleged that the men were innocent and that Judge Albert B. Anderson, who presided over the federal court at Indianapolis, when they were convicted, did not give them a fair and impartial trial.

Mr. Zolne announced that at least twenty members of the house and several senators would appear before the department of the president in behalf of the convicted men.

Those applying for the pardons are Frank M. Ryan, president of the International Association of Bridge & Structural Iron Workers; Michael J. Young, Edward Smythe, Paul J. Morin, Frank J. Higgins, T. E. Munsey, Frank Mooney, John H. Barry, Peter J. Smith, George Anderson, William E. Reddin, Frank E. Painter, Henry W. Leggett, Ernest W. Baser, Eugene A. Clancy, Michael J. Hannan, Wm. Shupe and Michael J. Cummins.

The Supreme court on March 9, refused to review the conviction of these and six other members of the iron workers' union.

Most of the papers filed were in support of charges against Judge Anderson's conduct of the case. The application alleged that Judge Anderson allowed only such exceptions to his rulings, as suited his fancy; that he repeatedly seized opportunities to make long speeches to the jury commenting upon the facts in a way calculated to show that defendants were guilty and he ridiculed and intimidated counsel and witnesses for the defense.

In a supplemental letter to President Wilson, Attorney Zolne stated that a special train to convey the defendants to the Leavenworth penitentiary was ordered forty days before the verdict by the jury, and that the men were on their way to the penitentiary one hour after sentences were pronounced upon them. He added that, without good reason, Judge Anderson during the trial walked from his residence to his courtroom accompanied by police, many times in view of the jury. Thus he urged, the jury gained the impression that a state of lawlessness existed in Indianapolis, which Judge Anderson knew was not the case.

It was also alleged that Judge Anderson during the trial frequently consulted with the attorney of the Erectors' Association and heard suggestions from him privately in the absence of the attorneys for the defense.

PLAN TO ERECT MEMORIAL TO LATE GEO. WESTINGHOUSE

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, March 17.—Heads of the various Westinghouse concerns and well known Pittsburghers yesterday formed the Westinghouse Memorial Association. It is planned to erect in this city a memorial to the late George Westinghouse. The memorial will probably take the form of a monument. Officers of the association are H. G. Prentiss, vice president of the Union Switch and Signal company, Vice President J. R. McGinley, president Duff McK. Co. and John F. Miller, vice president of the Westinghouse Air Brake Co. Treasurer W. P. Upcraft, one of the executors of the Westinghouse estate. Secretary H. C. Tenor, who was private secretary to Mr. Westinghouse.

One Killed, Three Injured When B. & O. Engine Jumps Track

(ASSOCIATED PRESS TELEGRAM)
Washington, Pa., March 17.—One trainman was killed and three others were hurt, probably fatally, when a freight engine on the Baltimore and Ohio railroad jumped the track and crashed into the West Washington station near here early today. The injured are hurt so badly that it is not believed they will survive the day. J. E. Kinsey of Benwood, W. Va., was instantly killed.

"Stop Thief." will be seen at the Auditorium, Thursday, March 19th. That this latest contribution to the meritment of the stage by Cohan and Harris would meet with gratifying success was easily forecast but that the box-office receipts reach the enormous figures that they have assumed was certainly not anticipated, and in New York, where the comedy-farce ran a whole year at the Gaiety Theater, "capacity" attendance remained unbroken.

The play, which is from the pen of Carlyle Moore, opens upon the wedding morn of a charming girl whose bridegroom has the misfortune to be afflicted with kleptomania, and it is disclosed that the father of the little bride also suffers from this strange malady. Many wedding guests are present and the house is full of rare and costly gifts when suddenly both father and son-in-law experience once more the desire to steal creeping over them. To prevent this desire from going into effect on his own part, the younger man gets into communication with the police headquarters and asks that a detective be assigned to watch him and to replace anything that he may take. The message is not understood and the detective fails to arrive, but a real thief puts in an appearance and is mistaken for the man from headquarters. He is given a cordial reception and given an opportunity for the "easiest game" of his career.

"The Girl of My Dreams." The authors of "The Girl of My Dreams" the musical play which will be seen here at the Auditorium Friday, March 20th, can be credited, it is said, with having succeeded admirably in showing in that original and amusing piece the delightful probabilities afforded by opportunity and necessary conditions and Nesbit and Hauerbach the authors of the book do it, in such a merry fashion that the audience glides through the current of the story with a joyous abandon, which is akin to the pleasures of a fascinating waltz. The music composed by Karl Hoschna, is what might be expected from the musical creator of "Three Twins" and "Madame Sherry." There are a great many song hits in "The Girl of My Dreams" and they are diversified and pleasing, the most popular being "Doctor Tinkle Tinkle" a solo and chorus delightfully sung by Miss Olga Von Hatzfeldt. The chorus who assist her is dressed to represent toys. The quaint and pretty costumes in this number from a splendid picture.

In "I'm Ready to Quit and Be Good." Mr. Roy Purviance makes one of the distinct hits of the performance. "The Story of a Mariette," "The Letter You Shouldn't Have Sent," and "Every Girl Loves Me But the Girl I Love" are some of the numbers cleverly rendered by others of the company. Altogether "The Girl of My Dreams" should prove one of the best, prettiest productions to be seen here this season.

Pictures Saturday and Sunday. "Mary Magdalene," a Biblical picture, endorsed by the pulpit all over the country and Sir Walter Scott's famous classic "The Bride of Lammermoor," are the two features booked at the Auditorium Theater on Saturday, matinee and night, March 21st. These pictures were produced by the Kennedy Feature Film Co. Although a new concern in the motion picture world they have at their head the most capable producers. These pictures are both clear to Newark, and will no doubt appeal to the church people and scholars as well.

On Sunday the management has succeeded in procuring "The World's Famous Rainey's African Hunt" picture in six parts. There has never been anything in Newark, as wonderful and as intensely interesting. Rainey was the first white man to invade the jungles of Africa with a camera and bring back to civilization the strange animals and experiences he had to contend with. His expedition consisted of 35 white men, 226 black men, 135 camels, 40 horses, 60 dogs, and 150 sheep on hoof and cost over \$25,000. These pictures are guaranteed to be the original Rainey's, that appeared in New York, Chicago and many of the larger cities. Don't miss them for you never will have the chance again.

"Primrose and Dockstader." Many stars of the theatrical world have received their first recognition in the company of Primrose and Dockstader, the famous minstrel stars. To enumerate the list would be to name some of the most prominent comedians and vocalists of the present day. Messrs. Primrose and Dockstader possess the happy faculty of discovering talent, and then the ability to develop it. The splendid organization gathered together by these stars for their revival of old time minstrelsy includes many artists of the first magnitude, many of whom have been individual stars at the head of their own companies. There are a number of "finds" with this attraction this season, who will, no doubt, have their names displayed in bright lights in the near future, at the Auditorium.

Famous Picture Coming. Yes, we finally will have the pleasure of seeing the real and authentic pictures of the "Rainey's African Hunt" and no doubt these pictures are the most interesting subject ever shown. Rainey is a Cleveland Miller sportsman and, as lots of men fall in love with a girl. This, in itself, is not so interesting, as many young men fall in love, but after having many troubles in his love affair, finally decided to leave the country and forget the unhappy proceedings. So he journeyed to the jungles in Africa to seek solitude and live the life, that was so dear to him. Instead of carrying only rifles to dispatch the animals, which he knew

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the spare provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the pictures and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges. No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures. Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark Ohio. The awards will be made strictly according to the correctness of each set of answers, and the correctness shall be

determined by the Finding List, the catalogue issued by us as governing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat which forms uric acid.

When you wake up with the backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

THE GREAT COUGH CURE

HAROLD BAUER-KATHLEEN PARLOW CONCERT

Piano and violin students and enthusiasts are planning to go to Columbus in large numbers from this and many other points in Central Ohio, on March 18, to attend the joint recital of Harold Bauer, pianist, and Kathleen Parlow, violinist, at Memorial Hall. This is the third of the Frankenberg series of concerts, and by a number considered the most important event of the lot.

Particular interest has been excited by the announcement of Mr. Bauer that with Miss Parlow he will play the famous Beethoven Kreutzer Sonata. This is a composition about which Tolstol wrote his famous novel, which was subsequently dramatized into an equally famous play, with Bertha Kalich as the star. Harold Bauer is everywhere known as the master pianist and numbers his admirers in the United States by the hundreds of thousands. Miss Parlow is a Canadian violinist of exceptional power and skill. The mere association of her name with that of Harold Bauer in joint recital is a sufficient guarantee to the discerning ones, her rank as a violinist.

While a few of the choice seats will sell for \$2.00, the management has arranged for a large block at 50 cents so that students everywhere may have advantage of the appearance of these great artists. Reservations may be secured at any time by addressing T. T. Frankenberg, care McClelland & Co.

The program for March 18 follows:

Cornell Clothiers Give "Straight Tip" On Style

POINTS OF INTEREST FOR MEN DURING THE SPRING AND SUMMER SEASON.

Men who are down town should not miss the opportunity to glance at the "Cornell" windows devoted to their own apparel.

A cause of men's less intense and absorbing interest in the style question, is that men's styles are not subject to such radical changes as women's apparel. He can pay less attention to style, yet be acceptably clothed. Yet he will turn for a second glance at a snappy suit or a new style overcoat or hat, just as quickly as a lady will.

An investigation of the new things at The Cornell, catering to men, shows that fashion decrees the slender figure—a tendency toward closer fitting garments—the coats with closely cropped shoulders and slim waists, the vest in the new athletic cut, that is, the armholes are much larger and the shoulder piece much narrower, giving greater freedom of arm movement. The trousers will be narrower, the straight and semi-peg rather than the full peg. The coats are a trifle shorter. Patch pockets will be a very good style. The new cut in men's clothes is described as the English and semi English cut a feature of which is the wide lapels with soft roll.

Colors run strongly to blues and greys in various plain shades, and mixtures. Scotch tweeds promise to be very popular, as well as tartan checks and clustered pin stripes, and certain green mixtures. This does not mean that brown and tan effects will not also be good for they will be. A very snappy novelty, shown is a plaid with small dots of contrasting color in the cross checks.

In top coats, the Balmacan cut, made of cravatnetted material, as a rule, will have a tendency to displace the shorter top coat although not all men will favor the Balmacan style.

The new style features will be found in all garments at \$10.00 and \$15.00.

No man is compelled to wear the extreme specimens of the new styles yet something on the order stated above is the "straight tip."

The choice offered is wide enough to suit every man of the thousands. You probably pass Cornell store frequently. The next time you are near—make it a point to look at their spring display. 17-1

CITY BUILDING MAY BE READY TO OCCUPY JULY 1

If present plans do not miscarry, Newark's official family will enjoy a reunion in the municipal building at Fourth and Main streets about July 1, after being separated for more than two years.

The service department is advertising for bids on the work of remodeling the building after plans as prepared by the city engineer. These plans provide for a complete reconstruction of the west wall along Fourth street, the enlargement of the rooms fronting on Fourth street, the construction of a coal vault, and re-arrangement of the interior of the first floor. The offices on the second floor will also be leveled and otherwise placed in first class condition.

Arrangements are being made to accommodate the service and engineer's department on the first floor rooms fronting on Fourth street. The two rooms fronting on Main street will be placed in first class condition for leasing. A number of applications have been received by business houses who wish to locate on that popular corner.

The city engineer estimated that the work would cost \$7,800 and bids will be received up to noon of March 28. The legal advertising is now running and a number of local contractors are already interested. The plans can be seen at the public service office.

The city officials hope to be able to move in by July 1, though the business rooms will be ready before that time. Work on the repairs will probably commence shortly after April 1.

3 NEW HOUSES TO BE BUILT BY J. F. IRWIN

J. F. Irwin will begin at once the construction of "Wyoming Terrace" at the corner of Hudson avenue and Wyoming streets, which is the site occupied formerly by the old city Hospital. This will be quite an improvement to the streets at this point, as well as furnishing three desirable residence properties.

The three houses will be separate and distinct, but under one roof. One will be built at the corner fronting onto Hudson avenue, while the others will front on Wyoming street.

They will be constructed of stucco, and will include the newest feature of building and the most modern of conveniences. Altogether the three houses will contain about 18 rooms besides bath rooms.

BELIEVE VILLA IS ANXIOUS TO MAKE ATTACK

(ASSOCIATED PRESS TELEGRAM)
El Paso, Texas, March 17.—It was regarded as practically certain that General Villa left Chihuahua today to direct his troops against Torreón. The censorship suddenly became prohibitive and officials at Juarez declined to talk with newspaper men. Americans with business interests on the Mexican side of the river brought back word that guarded admissions of those in position to know indicated that the big movement of troops had begun.

Rebel officers across the river at Juarez believed today that General Villa is anxious to begin his attack on the federal entrenchment at Torreón.

General Villa yesterday telegraphed to Captain Salinas, the rebel aviator whose monoplane has been undergoing repairs at Juarez, to have his machine at Chihuahua within 24 hours. The regular tri-week passenger service between Juarez and Chihuahua was temporarily abandoned yesterday. It was said the trains were needed for transporting troops south from Chihuahua.

General Angeles, the artillery expert who left Juarez Sunday was reported to have had a conference with Villa and to have proceeded to the front without further delay.

SERVICE DIRECTOR IN COLUMBUS ON SUBWAY BUSINESS

Service Director W. C. Christian went to Columbus at noon today in the interest of subway construction in Newark. He expects to visit the service department of that city to learn something definite as to the method of procedure, and the routine of work pursued by the Columbus department, which has had much experience in subway construction, having built a number there in the past few years.

Mr. Christian said that as soon as every thing was pronounced regular, the bonds sold and the money paid in, there would be no delay in commencing the work at once.

SELECT CAPTAIN FOR BASKETBALL TEAM NEXT YEAR

Granville, March 17.—At the regular meeting of the Denison board of control last evening Ralph Jones of Parkersburg, W. Va., was elected basketball captain for next year. Jones is a member of the junior class and has played on two Denison championship basketball teams.

Besides being honored with the captaincy of the varsity for next year, Jones is one of the two student members of the Denison board of control, which is composed of two students and three members of the faculty. This board has decisive jurisdiction over all athletic questions.

In his freshman year Jones was the captain of the freshman basketball team. He played in the outfield on last season's baseball nine. Be-

fore coming to Denison Jones was the mainstay of the Parkersburg high school quintet for three years, being captain in his senior year.

CIVIL SERVICE EXAMINATION HELD IN NEWARK TODAY

Five men and three women took the state civil service examination in the Probate court room Tuesday for the positions of infirmary superintendent and matron, respectively. The examination was conducted by H. G. DeWeese, of the office of State Auditor Donahay.

Those who took the examination were Mr. and Mrs. J. R. Lucas, of Hanover township; Mr. and Mrs. Chase Long, of Newark township; Mr. and Mrs. J. W. Hartman, of Newark; Reese R. Jones, of Newark, and Edward O. Vermillion, of Franklin township.

GOOD PLAYING OF JAY GOULD

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, March 17.—With Jay Gould, the American amateur champion holding the advantage of four sets to none over George F. Covey, of England, the professional title holder, in their contest for the world's championship court tennis honor, experts are figuring on how the Englishman will plan his campaign of attack tomorrow in the second match of the series. In the opinion of experts who saw yesterday's game, the play of Mr. Gould has never been equalled.

53 KILLED DURING MONTH OF FEBRUARY

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 17.—Because they failed to observe "Don't trespass" signs on railway property, sixteen persons in Ohio met death by being hit with trains, and four by being struck by electric cars during February, according to a report issued today by the state public utilities commission. Twenty employees were killed on duty. The total number of fatal accidents during the month was forty-seven on steam roads and six on electric lines.

Mrs. Anna O'Brien Hoover of West Locust street, who has been quite ill with pleurisy for some time, is considerably improved and was able to be out Monday for the first time.

New Treatment For Spastic Paralysis Proves Successful

(ASSOCIATED PRESS TELEGRAM)
New York, March 17.—A new operative treatment for spastic paralysis, or paralysis accompanied by spasms, which he declared had been successful was explained last night by Dr. William Sharpe at a meeting of the medical association of Greater New York.

A dozen little children, paralyzed on one or both sides, attended the meeting to show what Dr. Sharpe had done for them.

The pride of the little ones as they showed how they were able to move once useless limbs brought smiles to the medical men.

Dr. Sharpe's operation for the disease, which is a result of brain pressure due to cortical hemorrhage before, during, or just after birth, consists in decompression by direct operation on the skull, with removal of enough bone to give new brain room. Other methods have been devoted mainly to operations on the spinal nerve roots, the injection of alcohol or plastic surgery, such as the lengthening of tendons. A girl of 4 years, who had never walked up to the time of an operation a month ago, was able to toddle through the hall last night, led by the surgeon.

Philadelphia's municipal debt is now \$97,377,810.

On Second Thought

Taking it by and large, the fewer questions you ask the smaller the amount of junk you will accumulate.

Lark Bisbee, who has been in Chicago for ten years, came back the other day for the first time since he went away. Hen Metzger chanced to meet him in front of the post-office. The two men shook hands. "I haven't seen you for a month," said Hen. "Have you been away?"

After you have said you are sorry, get out of the sick room. The doctors and nurses will do the rest.

"Give me the names of the survivors," said Buck Kilby yesterday, "and I will tell you how many versions there are of the battle of Look-out Mountain."

If people confined themselves to a discussion of what they actually know the art of conversation would languish and die.

LOSS OF APPETITE IN THE SPRING
Loss of appetite is accompanied by loss of vitality, vigor or tone, which is a more serious loss. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what they need for the proper performance of their functions.
Ask your druggist for Hood's Sarsaparilla. It makes the rich red blood your whole system demands. It is not simply a spring medicine—but it is the best spring medicine.

Contest Editor's Query Column

The Advocate will be glad to answer all legitimate questions regarding the contest through the Contest Editor's query column. Questions may be sent by mail or telephone but the answers will be printed in this column so that no contestant will have any advantage over another.

All contestants are requested to read the answers to queries every day. By so doing many will have their own questions answered. Day after day some of the same questions are asked but this can not be helped as new readers are daily joining the contest and they can not be expected to know the questions asked the previous day or week.

Columbus Contestant — Answering your question regarding picture No. 26 a few of the papers did not clearly represent the lettering on the bulletin board the white letters having been filled with ink. The bulletin board reads "Train for New York—Leave 1:10 p. m."

R. W. P. Mt. Gilead—The price of extra coupons is 2 cents each to everybody. One need not be a subscriber to the paper to participate in the contest but all coupons must be signed in the name of a resident of Licking or one of the 7 adjoining counties.

L. B. P.—The large boy in picture No. 25 has an apple in his hand. The picture does not indicate that he has taken it away from the other children.

J. C. B.—If you sent us a cash remittance which has not been acknowledged kindly give us the date you sent the money and tell how it was sent and whether the money was sent in form of stamps, cash, check or money order. The Advocate will, of course, do the square thing by you.

C. B.—Your remittance, \$20, pays for all the back coupons, a catalogue and subscription by mail up to the 70th or last picture. Coupons and catalogue have been mailed to your address.

A. R. T.—When the contest is nearing completion the paper will tell you what to do. You will have abundant time to secure extra coupons and to send your answers. You may now obtain extra coupons or all the pictures that have been printed to date if you want them.

C. A. R.—The Advocate is on sale in Columbus at Oppenbeim's, or you may order back coupons sent you from this office by mail.

R. O. G.—Fifty or more people started in the contest yesterday. New contestants are entering daily. Many may have started that this office knows nothing about as anybody can start by simply getting the back coupons either at the Advocate office or elsewhere. One does not have to be an Advocate subscriber to participate in the contest.

D. B.—Two or more in the same family may join in the contest. They may send in one set of answers but they must be in only one name or they may each send in a set of answers. Each contestant may submit not more than five answers for each picture.

Several Inquirers — The Advocate has not given the names and addresses of those who offer probable answers for sale for the same reason; that this paper refused to accept advertising from these "puzzle experts." They do not know the answers. W. J. Eade, president of the Newark Electrical Co., I. O. Stevens, the cigar and news dealer and A. L. Rawlins, the Newark music dealer are among the Newark business men who are posting probable answers but these men do not claim to be experts, nor are they charging a cent for their probable answers. They are posting their own judgment of the pictures from day to day and their answers are proving to be of interest to the contestants who are pleased to see them and compare their solutions with their own.

R. P. M. Columbus—Your letter of March 14 will have attention as soon as possible and reply will be made through the paper.

W. T. M.—Either would be counted as correct. When the name of a book is listed under two authors, name the book and take your choice of the authors.

J. H. Mt. Vernon—In picture 12 the man standing by the bed is holding a thermometer in his right hand. In picture No. 22 the person is not looking at anything up the tree.

BREAKS A COLD NEEDS NO HELP

"Pape's Cold Compound" ends colds and grippe in few hours—Tastes nice—Acts gently.

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharges or nose running, relieves sick-headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

NEGOTIATIONS FOR NEW DEPOT OFF AT PRESENT

There has been no late developments in the purchase of a site by the Ohio Electric, on which to build a new passenger and freight depot. The negotiations between the railroad company and the Canal Land company of Newark for the purchase of a site between Third and Second streets have come to a standstill. The O. E.'s last communication was to the effect that "they would take the matter up," and at that point it still stands.

Those interested from a local standpoint are of the belief that the company at this time does not consider expenditures for building depots advisable nor expedient and this may be true as the Public Utilities commission was asked last year to grant permission to the Ohio Electric to issue bonds, giving as a reason that the money was urgently needed to make necessary repairs of damages done by the flood of last March.

JEWELS MISSING AT LIMA.

(ASSOCIATED PRESS TELEGRAM)
Lima, O., March 17.—While his traveling trunks were being transferred from the Western Ohio depot to the Norval hotel, a distance of two squares, early this morning, a case containing \$350 worth of diamonds was lost by L. G. Krohn, Chicago salesman. The police can find no trace of the jewels.

CHARGED WITH MURDER.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, March 17.—Stanley Onisk, 36, St. Clair avenue, died in a hospital here this morning from wounds, including a crushed skull, sustained in a fight on a boarding house last night. Frank Nolowski, 28, and Frank Seamon, 49, were arrested and today were charged with murder.

RHEUMA—IT'S FOR RHEUMATISM ONLY

Many Forms of This Dreadful Disease, but all Due to the Same Cause—Uric Acid.
Do you suffer from Rheumatism? Then go at once to Evan's Drug Store and get a bottle of RHEUMA for 50 cents. When you use RHEUMA you use a remedy prepared for Rheumatism and its kindred diseases only—not a "cure all." Lumbago, Sciatica, Arthritis, Gout, Chronic Neuralgia and Kidney Diseases may all be permanently relieved by using RHEUMA. They are caused by the same trouble—Uric Acid in excessive quantities in the system.

RHEUMA cleanses the Blood. Skin, Liver, Bowel and Kidneys and the chief cause of Rheumatism quickly disappears. Do not procrastinate—get a bottle of RHEUMA today and you will quickly realize that RHEUMA will do exactly what is claimed for it.

"I suffered from Rheumatism for six years. Tried different doctors, with no relief. I have taken three bottles of RHEUMA and am entirely free from the disease."—P. W. Miller, Carawissa, Pa.

FRUIT MERCHANTS CHANGE LOCATIONS; BUILDING IMPROVED

Work was started Tuesday morning on the remodeling of the property occupied by Theodore Loewenick, blacksmith, opposite police headquarters, preparing the place for the occupancy of Ghiloni Brothers, fruit and commission merchants. This firm is now located in the Franklin property just across the alley. A lease has been entered into for the new location and the building will be remodeled and enlarged.

The Franklin property vacated by Ghiloni Brothers will be occupied by the Leichenstein Fruit Company, now quartered in the Doid building near Fifth and West Main street. Mr. Leichenstein expects to move in by April 1.

COCHRAN-SIMPSON

Mr. Ira L. Cochran of Utica and Miss Hazel Simpson of Vanata, accompanied by the groom's mother, came to Newark Tuesday, secured a license and were united in marriage by Rev. Don D. Tullis of the Second Presbyterian church. The younger set of which these two were members are waiting to shower congratulations upon their return.

Society

Miss Mildred Eide delightfully entertained the Twentieth Century club girls at her home in North Tenth street, Saturday afternoon. Refreshments were served and the club adjourned to meet March 28 with Miss Helen Norpell.

The entertaining hostess for the members of the Monday Talks on the club day was Mrs. Walter Metz at her home in Buena Vista street. For the topic of the day, Miss Jessie Robbins discussed dancing and Mrs. C. C. Rankin in a delightful way told a charming story. Miss Roche gave an interesting paper on San Salvador and Mrs. W. L. Prout told of her travels through the south.

Dainty refreshments were served at the conclusion of the program by the hostess.

The investigators club met Monday afternoon with Mrs. W. H. Weaver at her home in Eddy street. The following program was carried out:

Quotations—James Whitcomb Riley.
A Day With Modern Poets—Leader, Mrs. Fulton, assistants, Mrs. Kidwell and Miss Gray.

Miss Glenn read the paper prepared by Mrs. Kidwell.
Critic, Mrs. J. R. McClure.

The club adjourned to meet March 23 with Mrs. Harry Gibson, No. 290 Elmwood avenue.

The Centum club will entertain with a dancing party this evening at Assembly hall.

Mrs. Jerry Callahan delightfully entertained the members of the L. C. B. A. at her home in Hoover street on Monday evening. An informal evening was spent and several guests were present.

The Ada club will meet at the home of Mrs. Mary Gamble, 50 Yine street, Wednesday afternoon at 1:30 o'clock.

PATTERSON-MCCANDLESS.
A small wedding party was present in the pastor's study of the First Presbyterian church Monday evening at 7 o'clock to witness the marriage of Miss Lillian A. McCandless, the well known trained nurse with apartments in the Scott building, to Mr. William L. Patterson of Frazersburg. The many friends of the contracting parties will be interested in knowing that their future home will be near Coshocton.

BENOY-SENSABAUGH.
Mr. Howard G. Benoy and Miss Bessie Sensabaugh were united in marriage at the Second Presbyterian church parsonage, Rev. Don D. Tullis officiating. A host of friends wish them happiness.

GAYLORD-INGLE.

LUCAS-SHRINER.
Announcement is made of the marriage in Covington, Ky., on Monday of Mr. Earl Lucas of this city to Miss Mary Shriner of Mansfield. Mr. and Mrs. Lucas will make their home in South First street, this city, the groom being a brakeman employed by the B. and O. railroad company.

The Courts

In the case of Henry Tuller, Jr., vs. Frank Tuller, et al., heirs at law of Henry Tuller, sr., deceased, in common pleas court on Monday, Henry Tuller, Jr., was appointed special master commissioner to make a deed covering certain right of way in this county to the Columbus, New Albany and Johnstown Traction company. Henry Tuller made a deed in his life time to the Traction company for a right of way through his farm. The deed was subsequently lost. The executor of the estate brought a suit to sell the land to pay legacies. The Traction company then asked the court to make a deed to it to take the place of the deed which was lost. The deed will now be made by Henry Tuller, Jr., as master commissioner. Kibler & Kibler appear for the executor and George H. Jones of Columbus for the Traction company.

Judge Jewell will hold court here for one week beginning March 23.

Mary Dunn vs. Hamline Bunting, heretofore assigned for trial March 23. Case continued on account of the absence of counsel engaged in the Federal court.

Joseph H. Kendall vs. W. A. Veach, submitted to the court on demurrer to the petition. Counsel have prepared written briefs.

John F. Flannery vs. E. J. Koss, et al., journal entry with finding of facts submitted to the court.

Ella May Swartz vs. Henry J. Swartz, a suit for divorce. A temporary restraining order was issued some days since restraining railroad company from paying defendant his wages. A motion has been filed by the defendant to dissolve the restraining order. For hearing to the court.

Paul Warrham vs. A. Q. Miner, et al., death of defendant suggested C. V. letters administrator, made party defendant. Plaintiff brings the action to recover on a promissory note given for the purchase-price of a horse. The defendant files a counter-

AERONAUT HAS BEEN IMPRISONED SINCE FEB. 10

[ASSOCIATED PRESS TELEGRAM]
Berlin, March 17.—Hanz Berliner, the German aeronaut, has been imprisoned at Kirgischansk, Russia, since February 10, on suspicion of espionage.

Berliner and two companions landed at Kirgischansk in the Ural mountains after a voyage of 47 hours from Bitterfeld, Germany, setting a new distance record of 1,863 miles for spherical balloon. He and his comrades were immediately arrested and in spite of official intercession have been held there by the Russian police.

Obituary

John B. Condit.
Several months' illness with tuberculosis resulted fatally yesterday for John B. Condit of Jersey, who died at Mt. Carmel Hospital, Columbus. He is survived by his widow and two children, Augusta M. LAST BASKETBALL GAME OF SEASON ON FRIDAY NIGHT

For benefit of the athletic fund of the high school, a special exhibition game has been booked for Friday night of this week with the "Granville Germans" a basketball team composed of Denison players, some of whom have been with the Varsity squad as substitute players this season. The Newark team will on this date make its last appearance for the season. An admission fee of 15 cents will be charged. Newark has lost but one game on the home floor this season and the Granville team is yet undefeated so the game will be an interesting contest. The proceeds of the game will be used to purchase sweaters for this year's high school squad.

Mrs. Caroline Bailey and children, of Canton, left for their home Tuesday, after a short visit with Mrs. Bailey's sister, Mrs. Ben Hoover, in North Fourth street.

Mr. Alfred Dumm of North Fifth street is recovering from a short but severe illness at the home of his daughter, Mrs. James Morgan in Second street.

BOB BURMAN FEARS ONLY SPEED KING WHO HAS RECORD OF NEARLY 113 MILES AN HOUR

Jean Chassagne, holder of the world's hour record, who is shown in the above picture holding the wheel of the Sunbeam he will race, is the only man whom Bob Burman, seen in the vignette, fears as a contender during the next Indianapolis five-hundred-mile race. "The French and German cars do not worry me," says the speed king, "but the Sunbeam has me guessing. The little devil is so fast and light that it may run through the race without a stop, and then where will the rest of us be. If we have a little bad luck? No, I'm not bothering much about the rest of the gang, but, take it from me, I'm going to keep my eye peeled for the Englishman." Chassagne, who will drive the British car, is one of the veterans of the game, though his most notable achievement, the hour record of 112 miles, 1760 yards, was attained only a short time ago.

HIGH SCHOOL MINSTREL WILL BE BEST EVER

With a first part that cannot be beat for fun, gag, laughter, solos and harmony, and an olio consisting of four "big scream" acts, the high school minstrel, which is an annual event presented by the High School Athletic Association, can not fail to be but a grand success—bigger and better than ever before, when it is presented on the evenings of Thursday and Friday, 19 and 20 respectively, in the high school auditorium. The net proceeds will be used by the Athletic Association to finance and promote athletics. Besides the two evening performances there will be a matinee on the 20th, exclusively for the grade school children. None but grade school children will be admitted to this matinee.

For months the boys have been practicing in the auditorium and going through the whole show several evenings a week just as if they were giving it before the audience on the night of the show. Prof. Klopp has secured all new songs for the show, and figuratively speaking it is expected that the show will be such a grand surprise that it will knock the people off their feet.

Interlocutor Philip Rhodes has been drilling his end men sedulously and their jokes are the latest and they have them down pat. J. Dale McNamar on the end, will open the show with the "I should Worry Hit" entitled "Ish Ga Bible." The other end songs are "Down in Monkeyville" sung by "Bud" Pearasall, "Go Get That Guy" sung by Ralph Cook. The two premier end men are Goddard Chase and Frank Ryan. Mr. Chase will sing a late hit entitled "Bum-Tum-Ta-Ra-Tum-Zing-Bum." Mr. Ryan will sing "Do You Take This Woman for Your Lawful Wedded Wife."

J. Dale McNamar will open the olio with a monologue and two original parodies, one on "Get Out and Get Under," the other on "Where Did You Get That Girl."

The second act will be a singing, dancing and talking act by Ned Putnam of Denison University, who has been very prominent in amateur theatricals in the past. The third number on the program will be a big musical act by the high school orchestra entitled "The Organizing of the Italian Band of Christopher Columbus Createore." Donald Kissane, the talented high school musician, is to be Christopher Columbus Createore. The act is a mixture of fun and exceptionally high class music arranged by a New York composer. The act will probably be the biggest number of the bill, and the heavy royalty is enough to assure its success.

The show will be closed by a one act farce entitled "The Judicial Career of Herman, Andreas Gugsenschlager." This is a farce depicting a trial in the court of a recent German judge.

In its entirety, the show is one that cannot fail to please and is an annual event that attracts the largest crowd of the year.

PUBLIC MEETING MASTER PLUMBERS THURSDAY EVENING

Members of the Master Plumbers' Association in Newark, following up the agitation for creation of a department of plumbing inspection, which has already been brought to attention of the city council, have arranged for a public meeting Thursday night at 7:30 in the convention room of the court house.

This meeting will be in the nature of a public health and sanitation conference, and while the public is invited, there is a special invitation to prospective builders, contractors and physicians.

By special arrangement members of the local committee have been able to engage as speakers for the

NEW BOND ISSUE

(Continued from Page One.)
committee reported favorably upon the measure to sell a part of East street which was vacated a month ago. The committee also recommended the construction of a sewer in Arlington avenue.

The law committee reported that it had investigated the complaint of North street residents with reference to the street car siding just east of Hudson avenue. The report said that less than six feet would remain on each side of the tracks after the street was paved and recommended that the siding be moved from that point to Fourth street at the intersection of Elm, where there is ample width to take care of the two tracks.

Through an error, a provisional report of the law committee on the gas question got into the meeting. After being read, Solicitor Norpell explained that the committee was not ready to submit the report as it had asked two experts for information on several questions and until word was received from these experts, the committee wanted the report withheld.

As read the report recommended a new contract at 25 cents net, for not less than five years the money now held in trust to be turned back to the consumers. It was urged that the new contract contain an assurance from the gas company that an adequate supply of gas be furnished and that it contain a clause providing for the forfeit of the company's distribution plant here for failure to give such supply. The committee also recommended that the city charge the company 2 per cent. of its gross sales for use of the streets.

The service director asked for authority to purchase a street flusher. The request was granted in a resolution adopted later. Engineer Wells reported that plans and estimates for the sewer in Park avenue had been completed. The sewer will cost \$1632.

The cost of the Linden avenue and Church street sewer was estimated at \$9678. R. L. Williams and forty other residents of Maple avenue asked that that thoroughfare be paved from Leroy to Channel street.

The Master Plumbers invited council and city officials to attend a lecture given by Mr. Haas of Dayton or "Sanitary Plumbing." The lecture is to be given March 19 in the convention room of the court house.

The ordinance for issuing \$240,000 worth of subway bonds was read for the first time. The ordinance provides for 240 bonds of \$1,000 each to bear interest at the rate of 5 per cent per annum. They are to be dated May 1, 1914, and 24 of the bonds are retired each year beginning May 1, 1933. The bonds will be retired in 19 to 38 years. The premium and accrued interest from the sales of the bonds is to go to the sinking fund trustees, and these trustees are directed to certify to the county auditor a levy for sinking fund purposes to provide for the interest and retirement of bonds. The ordinance passed in December was repealed. The measure was passed under suspended rules.

Councilman Rexroth offered an ordinance authorizing the sale of two tracts of land containing 20.37 and 2.30 acres respectively, the land being the old water works site, and the pumping machinery contained in the old plant. The measure was passed.

Councilman Payne offered an ordinance for the transfer of funds amounting to \$7,500 from one fund to another in the service department to provide for the expense of remodeling the city building. The measure was passed.

Councilman Payne's ordinance authorizing the board of health to draw on the contingent account of the health fund for guaranteeing purposes was passed under suspended rules.

Councilman Knauber's ordinance to change the name of Valandigham street to Texas avenue, was given its second reading. "They have put up with the name of Valandigham street for 25 years and I guess they can

stand it for another two weeks," said Mr. Knauber, when asked if he wanted the rules suspended and the measure passed.

Councilman Rexroth's ordinance authorizing the sale of the east end of East street was on its third reading and was passed.

Councilman Knauber's ordinance regulating the height of street car steps was on its third reading, but when a vote was taken the measure was lost with a tie vote. Mr. Knauber explained that the street car steps were now 14 to 20 inches in height and that the ordinance merely provided that they be uniform. Ashbrook, Bonham, Knauber and Seward voted yes on the ordinance, while Payne, Rexroth, Keller and Legge opposed it.

The following resolutions were adopted:

By Mr. Payne, providing for a sewer in Arlington avenue.

By Mr. Rexroth, to prepare plans for the paving of Maple avenue.

By Mr. Knauber, instructing the street committee to make another investigation of the proposed Jackson street sewer.

By Mr. Knauber, to notify the Trades' Assembly that all municipal contracts contain a clause to employ Newark union labor and materials.

By Mr. Knauber, instructing the clerk to request the Ohio Electric company to move siding from North street.

By Mr. Rexroth, declaring it necessary to construct a sewer in Park avenue.

By Mr. Bonham, declaring it necessary to construct sewer in South Williams street.

By Mr. Payne, authorizing the service director to purchase a street flushing machine.

By Mr. Bonham, declaring it necessary to construct sewer in Linden avenue and Church street.

By Mr. Rexroth, to construct a sidewalk in Beech street.

Councilman Bonham's resolution declaring the city's intention to appropriate property to open Burt avenue was referred to the law committee. The property the city seeks to appropriate is owned by William Weekley. The city needs but 23 1-2 feet to complete the street but it is anticipated that it will be necessary to appropriate the entire property.

Council's attention was called to the fact that the city scales were so badly worn and rusted that they were unfit for use. Councilman Rexroth told the members that one man kicked to him, who had lost money on a load of hay weighed on the scales. It is declared that the scales vary as much as 200 pounds on the same load.

Experts who have examined the scales state that they can not be repaired and that no money will be available until after the semi-annual appropriation in July. There is but \$50 in the city scales fund at present.

SIX ARMED MEN KIDNAP WOMAN FROM A HOTEL

(ASSOCIATED PRESS TELEGRAM)
Chicago, March 17.—Six armed men
early today went to a North Side
hotel, knocked down the proprietor
and at the point of revolvers forced
Miss Margaret Miller, 24, to accom-
pany them.
D. Evanoff, proprietor of the hotel,
told the police the men entered the
hotel and demanded to see the girl.
When Evanoff refused to allow them
to go to her room he said the men
knocked him down. At the point of
their revolvers they awoke the young
woman and forced her to dress. Then
they dragged her through a rear exit
into a waiting automobile, according
to Evanoff's story.
Tony Francis, a guest at the hotel,
was awakened and when he attempt-
ed to interfere was knocked down
and locked in a room, from which he
later escaped, he told the police. The
hotel proprietor told the police that
one of the men had visited the girl
frequently.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders,
Rheumatism, and Serious
Disease Follow.

There are other symptoms, such
as pains in the region of the kidneys,
nervousness, dizziness, tired and
worn-out feeling, weak bladder, pain-
ful, scaldy, or urinary troubles,
which are just as dangerous, for the
slightest kidney derangement if ne-
glected may develop into the deadly
Bright's Disease, Dropsy, or Diabetes.
It is not only dangerous, but need-
less, for you to suffer, and endure
the tortures of these troubles, for the
new discovery, Croxone, quickly and
surely ends all such misery.
There is no more effective remedy
known for the cure of kidney, blad-
der trouble, and rheumatism, than
this new scientific preparation, be-
cause it removes the cause. It soaks
right into the kidneys, through the
walls and linings, cleans out the
clogged-up pores, neutralizes and dis-
solves the poisonous uric acid and
waste matter, that lodges in the
joints and muscles and cause those
terrible rheumatic pains, and makes
the kidneys filter the poison from
the blood and drives it out of the
system.
Three doses of Croxone a day, for
a few days is often all that is ever
needed to cure the worst backache
or overcome disagreeable urinary
disorders, and you can take it with
the utmost confidence that nothing
on earth will so quickly overcome
the worst case of kidney, bladder
trouble, or rheumatism.
You will find Croxone different
from all other remedies. There is
nothing else like it. It is so pre-
pared that it is practically impossible
to take it into the human system
without results. An original package
costs but a trifle at any first class
drug store. All druggists are au-
thorized to personally return the pur-
chase price if Croxone should fail in
a single case.

BURGLAR ALARM SAVED OFFICE FROM YEGGMEN

(ASSOCIATED PRESS TELEGRAM)
Amherst, Ohio, March 17.—Burk-
lars tried to blow the safe of the
postoffice here early this morning,
but a burglar alarm awakened
Postmaster Adolphus Baker in the
adjoining building and he notified
the village marshal. A posse was
formed and attempted to capture
the men in the postoffice but they
escaped. The posse is in pursuit.
There was \$15,000 in stamps and
money in the safe. This amount re-
presented part of the payroll of the
Cleveland Store Company, which
disbursed many thousands of dollars
among its employees yesterday, much
of which was later placed in the
postal savings bank by the em-
ployees.

WHEN YOU'RE SICK YOUR WAGES STOP

You know what that means—mis-
ery—worry—big bills—debt!
You know you can't afford to get
sick. Keeping in good health means
food and clothing for you and your
family. It is up to you to take care
of yourself. It is up to you, when-
ever you don't feel right, to take
something to make you right, to
strengthen you, build you up, ward
off worse sickness—protect you and
your family. That thing we have in
Rexall Olive Emulsion. In offering
it to you, we protect you against
money-risk, by personally promising
you that, if it does not restore your
health, we will give back your money
without word or question. We be-
lieve it is the best builder of health,
energy and strength you can get. It
is helping many of your neighbors.
If it don't help you, we will give
back your money.

Rexall Olive Oil Emulsion is com-
posed principally of pure Olive Oil
and the Hypophosphites. Each has
long been endorsed by successful
physicians. Here they are for the
first time combined. The result is a
remarkable nerve, blood and
strength-building remedy that is both
food and medicine. For all who are
nervous, rundown and debilitated—
no matter what the cause; for old
people; for convalescents; for puny
children, we know of nothing that
will give health and strength as
quickly as Rexall Olive Oil Emulsion.
It is a real builder of good blood,
strong muscles, good digestion.
Pleasant to take, it contains no al-
cohol or habit-forming drugs. If you
don't feel well, economize both money
and strength by beginning today
to take Rexall Olive Oil Emulsion.
Sold only at the Rexall Stores, and in
this town only by us. \$1.00. Frank

Good Cheer Aids Digestion of Food

Dyspeptics Can Make the Best of the Family Happy by Using a Laxative-Tonic.

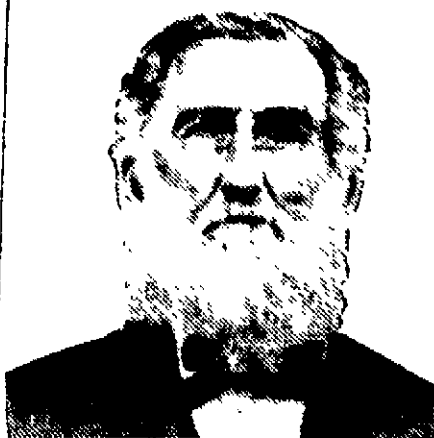

The temper of the family and the good cheer around the table depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcome their trouble should be of interest to those now suffering in this way.

The best advice one can give, but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

Maj. S. Martin, of Joplin, Mo., now 77, thinks Dr. Caldwell's Syrup Pepsin has helped him to a longer and happier life. He has not felt so good in years as he has since taking this excellent medicine, and in spite of his 77 years he says he feels like a boy.

It is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic; biliousness, headaches, gas on the stomach, drowsiness after eating and similar annoyances.

You can obtain Dr. Caldwell's

MAJ. S. MARTIN

Syrup Pepsin at any drug store for fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing mints and tablets or of taking cathartics, salts, pills and similar drastic medicines. Unlike these Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

ST. PATRICK IN PROSE AND VERSE

St. Patrick was a gentleman. Who came of decent people: He built a church in Dublin town. And on it put a steeple.

His father was a Gallagher. His mother was a Brady: His aunt was an O'Shaughnessy. His uncle an O'Grady.

Thus Henry Bennett disposes of the genealogy of the patron saint of Ireland, whose festival is being so widely celebrated today. Historians have given many and varying accounts of the lineage, birth and career of St. Patrick. Most agree that he was born in Scotland, probably in a little town on the mouth of the Clyde about the year 373. His father was of a good family named Calphurnius, and a Roman official stationed at the wall of Severus, which was the dividing line between Roman civilization and the country of the warlike Picts and Scots. His mother is believed to have been Conchessa, a niece of St. Martin of Tours.

The future saint was named Succot. As a lad he was kidnapped by raiders from Scotland, carried across to Ireland, and sold into slavery. His master, for whom he herded cattle on the hills, called him Patricius, "the young patrician," hence the name of Patrick. After a time the boy escaped, and studied for the priesthood in France. Then he returned to Ireland to seek the conversion of the people among whom he had been held a slave. William Maginn, the Irish poet, gives this somewhat facetious account of St. Patrick's arrival. He came to the Emerald Isle. On a lump of a paving-stone mounted: The steamboat he beat to a mme, Which mighty good sailing was counted.

Says he: "The salt water, I think, Has made me most bloodily thirsty: So bring me a flagon of drink. To keep down the mulligrubs, burst ye—"

Of drink that is fit for a saint. Another poet gives a somewhat erroneous impression of the occupation of St. Patrick's mother: No wonder that those Irish lads Should be so gay and frisky. For sure St. Pat he taught them that. As well as making whiskey.

No wonder that the saint himself Should understand distilling. Since his mother kept a shobeen-shop In the town of Enniskillen.

Of the observance of St. Patrick's Day, Samuel Lover tells us in verse that there was a controversy as to whether the saint was born on the eighth or ninth of March, but that a compromise was effected by adding eight and nine and celebrating on the seventeenth.

"Gets-It" for Corns on Your Piggy-Wiggies!

Quit Puttering With Corns. Use This Sure, New-Plan Corn Cure.

A few drops of "GETS-IT" the big corn remedy, is enough to spell positive doom to the fiercest corn that ever cemented itself to a toe. It's

These little toes had "GETS-IT" These little toes had none.

Good-bye Johnnie. You apply "GETS-IT" in two seconds to the offending blisters that don't stay put, with knives that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poisoning from corn-cutting and corn-blisters. "GETS-IT" shrivels up corns, then come right off. That's the new principle of it—just common sense. No more corn-pain. "GETS-IT" is safe, and never hurts the flesh. Get rid of corns and blisters. "GETS-IT" is sold in a bottle by all druggists, or sent direct if you wish, from E. Lawrence & Co., Chicago.

FRILLS FOR TANGO FROCK.

This dainty dance frock is frilled with lustrous pussy willow taffeta in bermuda pink, veiled with shadow lace. Pink is used in the chiffon of the corsage, deeper pink in the velvet girdle, with pink on the twinkling feet.

"Beauty is only skin deep," quoted the Wise Guy. "That's right," agreed the Simple Mug. "A spring chicken isn't in the same class with a bird of paradise, but it's a whole lot better eating."

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SAEVET, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 10 North Side Square, Newark, O.

Every Citizen Is Solicited To Get Into Closer Touch With Board of Trade Plan

The prime object at present with the Board of Trade directors is to bring every individual in Newark into a closer contact with the new plan of the city's industrial development. That is, to get from him, not simply an acquiescence in the object of the movement to be inaugurated, but a lively, personal interest in the details of the scheme, that will result in each one becoming a worker toward its ultimate success.

The raising of a factory fund to be used for the sole purpose of securing new industries to locate in Newark, is of vital importance, in fact, it is indispensable for the great purpose in mind, of making Newark a bigger, more progressive city, and one in which EVERY SINGLE RESIDENT CAN POINT WITH PRIDE TO THE COMMERCIAL BODY, OF WHICH HE IS A MEMBER, as the great force which has made possible, through its efforts, the satisfactory conditions it is confidently expected will result from the application of the Board of Trade's plan.

The manner of raising this fund appears to be the best adopted to afford the greatest number to become contributors to the fund. It seems to be the one suited to allow every one to become a factor in the building of a better city, in which he can be justly proud.

The idea is to ask each person to contribute \$1 per year for three years, upon every \$1000 dollars of real estate he owns in the city. JUST ONE-TENTH OF ONE PER CENT. Think of it! An almost infinitesimal part of each one's real estate wealth, given to the cause of building up and increasing the prosperity of the city which has given him already the opportunity of getting what he now has, and will open up avenues toward gaining better and greater results along this line.

Each property owner in Newark owes an obligation to the city, to do his share in aiding this work. He can do so with a cost so trifling to himself that the amount will not be missed by him. While this is true of each individual, the aggregate result will be potential in the getting together of a fund that can be, and will be, used in judicious expenditure to secure new industries for Newark.

It is not the intention to limit contributors to owners of real estate, but those who do not at present belong to that class may also enroll himself and also become a worker, toward a cause that may eventually result in him becoming the owner of real property.

It has already been pointed out, and will be apparent with the most casual consideration that there is no one class of citizens, who will be benefited in larger measures than the small property owner, the man whose real estate holdings for the most part consist, in his own home. There can be nothing better calculated to secure such an investment and enhance its value than to have more industries come to Newark, creating a market for more labor, the influx of more laborers, the demand for homes for this increase in population and the consequent advance in values of the property now owned.

Should not each one thus inevitably be the beneficiary of this condition, be not only willing but anxious to do his share toward making this condition possible.

And important as it is that each and every one should gladly contribute the amount specified toward this general fund, hardly second in importance is a healthy sentiment toward the plan, a desire to personally co-operate in working out its details and thus become a part of an organized body having in view one object and one only. COMMERCIAL AND INDUSTRIAL LINES

An opportunity is now open, and should be embraced at the earliest possible moment in every section of the city, by each one to get in communication with Secretary William Wulfoop, 10th floor Newark Trust Building.

Best call upon him personally, take out a membership card, pay your dues, become a member of the Board of Trade, and be assigned to some specific work in helping to swell this great movement to the proportions of a huge wave of prosperity, of which you can be justly proud you had a personal part in agitating.

If you cannot call, ring auto 'phone 1781 and signify your interest in the work by giving your name, address and occupation.

Do this at once and be in at the very beginning.

TAKE SODA FOR ACID STOMACH, SOURNESS, GAS

A 10 grain Sodogen tablet, taken anytime, followed by a glass of water will instantly neutralize acidity, absorb gases, and sweeten the stomach, thus relieving indigestion without fail. Indigestion does not result from a lack of digestive juices as most folks believe, but from an excess of hydrochloric acid in the stomach which retards digestion and starts food fermentation. Then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon producing a heavy, lumpy feeling in the chest, we eructate sour food, belch up gas or have flatulence, heartburn or nausea.

Any pharmacist can supply a package of these 10 grain Sodogen tablets and thousands of stomach sufferers will be able to eat without dread after ridding the digestive organs of excess acid this way, says a noted authority who further states that this Antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. ROSES SHOULD BEAUTIFY ALL NEWARK HOMES

Roses, that grow mostly in the northern hemisphere, are one of the prettiest and most valuable flowers grown. Every one admires the tints, fragrance, and exquisite beauty of the rose. The rose can scarce be said to be a luxury but is becoming as much a necessity for exterior embellishment about our homes as are the carpets, rugs, etc., for interior decoration. This may be said of all flowers, when contrasting the inner parts of our houses with outside environments.

We may not only dream of roses clambering over and around the veranda, trellis, and porch pillars, but we may have them in reality with just a little effort and expense. Of course it takes good soil, patience, and skill to get a rose ready to start on its mission of beauty and love, but after all the expense is trifling.

The following lines are attributed to a little girl who became intensely interested and enthusiastic in the culture of flowers:

"If I were a flower, I'd hasten to bloom

And make myself beautiful all the day through.

With drinking the sunshine, the wind, and the rain;

Oh, if I were a flower, that's what I'd do."

The West Locust Street beautifying society will meet in Taylor hall next Monday evening, March 16, at 7:00 o'clock sharp. F. H. Ballou, Secretary of the Ohio State Horticulture Society, will speak on "Home and Surroundings." A short paper on "The Blue Jay" will be read. All persons living in this street and adjacent streets are urged to be present, and also any others who may be interested.

The people of West Locust street are up in arms, and on their feet to fight the filth and nasty weeds, by planting bulbs and flower seeds. The trees will clap their hands with joy to see a little girl or boy remain at home and off the street where filth once there's sure to greet, and cultivate a big flower bed of pansies, roses bright and red. The neighbors, and the parents, too, to make the home from day to day, will help what little hands can do, the nicest, prettiest place to stay.

Silence—"I shall marry for money. It is easier to make love than to make a fortune." Cynicus—"Yes, perhaps it is easier but it involves greater chances."

Check the Symptoms

of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flitting nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alternative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case—

"Gentlemen I am writing you this testimonial that others may know what your Alternative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. At last I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korhammer, who is a friend of mine, recovered after taking your Alternative and insisted that I try it. I am now, after two years, perfectly well, strong and healthy."

(Abbreviated, more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and in upbuilding the system. Contains no narcotics, poisons or debilitating drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

GLASS HOTEL AT LAKE WILL BE REMODELED

Although a thick ice still covers Buckeye Lake, plans are already on foot to make extensive improvements at this popular summer resort. Among the most noted changes are those to take place at the Glass hotel and pavilion.

Mr. Glass who has conducted a hotel for a number of years at the lake has announced his intention of improving the hotel, and he will erect a vast dance pavilion, pier and concession arcade. The dance hall and pier will be built out 235 feet on the water. Such are seen at the larger summer resorts. Mr. Glass has taken a fifteen year lease on the water front, for which he pays the state \$12,000, and every effort will be made to make it as attractive a spot as possible. One of the features will be the privilege extended to every boat on the lake to land at this large pier.

Undoubtedly a number of improvements will be made at the park proper, and a successful season is prophesied for the most attractive summer resort in Central Ohio.

ROYAL NEIGHBORS STATE CONVENTION MEETS IN NEWARK

The Royal Neighbors, an auxiliary organization of the Modern Woodmen of America will open a state convention in Taylor Hall Wednesday morning at 10 o'clock, at which there will be present a number of state officers who are expected to arrive in Newark this evening and early Wednesday morning.

Preceding the convention a reception will be held this evening at Modern Woodmen hall which is to be followed by a program and banquet.

About the square today and on many business houses there was a prominent display of purple and white, the colors of the organization.

The organization was composed of women.

MEMBERS OF THE STEFANSSON PARTY IN GOOD SPIRITS

(ASSOCIATED PRESS TELEGRAM) Ottawa, March 17.—Mails just received at Ottawa from the Royal Northwest Mounted police stationed at Ft. MacPherson, transmit letters to the navy department from Milghahmar Stefansson written last January.

Stefansson reports that the members of his party are all in good spirits and are conducting valuable exploration work in the Mackenzie delta which has never before been accurately mapped.

He refers to his projected sled trip over the ice of the Arctic ocean into the unknown region to the northwest of Herschel Island. He says he expects to go at least 150 miles into the Arctic where no one has ever been before, and where there may be undiscovered islands, and if the traveling is good he may even get 300 miles away from Herschel Island. If his original plans hold good Stefansson is now returning from that trip.

He gave no new information in regard to the Karluk.

The navy department has notified the Russian government that there is a possibility of the Karluk drifting in the ice across the Arctic ocean and landing in Siberia. In that event, it may be three or four years before the crew of 25, including five or six scientists is again heard from.

The vessel is provisioned for five years.

EASY WAY TO REMOVE FRECKLES AND ERUPTIONS

Some women have skin of such texture that occasionally are annoyed by the sudden appearance of freckles or slight eruptions of the face. March winds usually dry the face with skins of that kind. In such cases, if one will procure a small jar of common mercurized wax at the drug store apply a little of it before retiring like cold cream. When the wax is washed off next morning the skin particles come away with it. The next day's skin is removed in the same way in a week or so, with all its defects. No blotches could so effectively remove freckles or blemishes. The new surface is smooth, like a fresh looking skin. No harm or inconvenience attending this simple treatment.

In case of wrinkles which sink into the skin, the water can be used with a soft cloth, applied in the same way. It makes a face which is wonderfully effective. Advertisement.

SUPREME COURT TO REVIEW CASES AGAINST G. B. COX

(ASSOCIATED PRESS TELEGRAM) Columbus, March 17.—The Supreme court will review the two criminal cases brought against George B. Cox of Cincinnati, by the state which were thrown out of court by Common Pleas Judge John A. Caldwell of Hamilton county. The court today gave prosecuting attorney Thomas L. Peque, of Hamilton county, permission to file bills of exception in the Supreme court to determine whether or not Judge Caldwell erred in his action.

In the cases against Cox the state charges non-application of funds of the Cincinnati Trust Co., of which Cox formerly was president. There were other charges also. The prosecution was based upon the alleged illegal use by the Ford Johnson Furniture Co.

The decision it was said, will not affect Cox since the indictments against him were quashed. The action of the court, it was pointed out, was only to settle disputed points of law.

THE STORE THAT
SERVES YOU BEST

MEYER & LINDORF IMPROVING THEIR DRY GOODS STORE

Workmen have been busy this week tearing out the front of Meyer & Lindorf store preparatory to installing one of the most up to date fronts in the city. This is but the beginning of a complete remodeling of the exterior and interior of the store, which follows the taking over of the entire second floor of the building by the dry goods company.

The store has a frontage of 40 feet, and there will be two large show windows with a tile vestibule. In the vestibule will be placed a large center show case with a case at each corner of the entrance. The windows will be thoroughly ventilated by the Colson Construction being used.

Work on the interior will follow the completion of the front and will be rushed as quickly as can be done and avoid closing the store. It is probable the second floor will be devoted to rugs and draperies and one or two of the departments moved there from the first floor. Previously the Meyer & Lindorf company has occupied the rear of the second floor but will be moving of the Knights of Columbus into new quarters the entire second floor has been secured by the dry goods company.

The store when completed will occupy three floors, first second and the basement. It is also probable an increase will be made in the number of employees.

ICE IS MOVING OUT OF RIVER AT SANDUSKY

(ASSOCIATED PRESS TELEGRAM) Tremont, O., March 17.—There was much rejoicing locally all day today when the ice in the Sandusky river began moving. The ice was a clear mass of clear water and yesterday it was five feet or ten feet in places. Monday morning the ice came down the river and the water was a steady stream of water and the river to the flood stage.
